## OUR WORKS

Over the past 30 years Royal Freight has handled significant amount of all types of Cargo for many different Customers. This has included local and Transit cargo to neighboring countries.

- **Containerized Cargo:** *means general goods, commodities or wares that are shipped in non-disposable, reusable, commercial sized shipping containers that are customarily used on sea- and ocean-going vessels for the convenient shipment of such goods, commodities or wares.*
- **LCL and Break-Bulk Cargo:** *LCL refers to consolidated shipments of loose cargo that are typically boxed, palletized or crated. LCL is typically cheaper due to the cost of the full container being shared between multiple shippers. Where by **Break bulk shipping** refers to cargo that must be loaded onto a vessel individually, rather than in a shipping container.*
- **Mining Equipment:** *Knowing your job means knowing your industry and what it takes to get home safely at the end of the day, that's why you need a trusted supplier that understands the work you do and the products you use to help make your job safer, more efficient and productive Royal freight we supply high quality mining equipment with competitive price*
- **Construction Materials:** *Many construction materials are used for same purpose but each of them has their own quality, durability and stability, Royal freight we are here to supply high quality, durable and stable materials.*
- **Special Project Cargo:** *refers to the domestic or international transportation of large, heavy-duty, high value, or complex pieces of equipment. The materials included in project cargo can be globally sourced, or from one specific location.*
- **Medicine and Medical Suppliers.**
- **Industry Raw Materials**
